ocircumflex

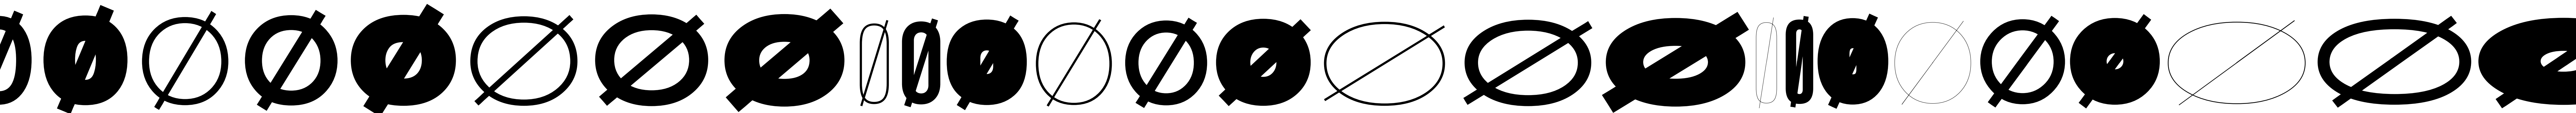

A horizontal row of 20 stylized, rounded, pill-shaped characters. The characters are arranged in a sequence, with some being solid black and others being white with black outlines. The shapes are slightly irregular and rounded, resembling pills or capsules. The sequence starts with a solid black character, followed by a white character with a black outline, and continues with a mix of solid black and outlined characters. The overall effect is a rhythmic pattern of shapes and colors.

Ycircumflex

A horizontal sequence of 20 stylized lowercase 'y' characters. Each character is rendered in a different weight or slant, ranging from very light and thin to very bold and thick. Above each 'y' is a small, solid black shape that resembles a roof or a triangle, which also varies in size and orientation to match the character below it. The characters are arranged in a row, with some having thin vertical lines extending downwards from their stems.
